Issuance of Citations and Memorial certificates shall be authorized by adoption of a resolution to be introduced by the majority and minority leaders containing the names of the persons and organizations to be honored, the occasions or events to be cited and the name or names of the members requesting it. All Citations and Memorial certificates to be authorized on a particular session day may be included in a single resolution.

Majority Leader Karcher and Minority Leader Hurley addressed the General Assembly briefly.

Mr. Karcher offered the following resolution, which was read by the Clerk and adopted:

Be It Resolved: 1. That the Clerk of the General Assembly be directed to inform the Senate that the General Assembly has organized by the election of the Honorable Christopher J. Jackman of Hudson County as Speaker, and John J. Miller, Jr. of Essex County as Clerk of the First Session of the One Hundred and Ninety-ninth Session, and has proceeded to business.

2. That the Speaker be and is hereby authorized to appoint such assistants as he may deem necessary.

3. That the working staff of the General Assembly shall be at all times subject to the direction of the Speaker and the Clerk, who shall have authority to designate to any member of the staff such duties as may be required.

4. That unless otherwise ordered the regular hours of meetings of the General Assembly will be on days and at times to be announced to the members, the news media and the public by the Speaker.

5. That the Clerk of the General Assembly is directed to present to the Governor all 1978 and 1979 Assembly Bills and Joint Resolutions which shall have passed both Houses and which remain in the custody of the General Assembly.

6. That no floor passes be issued by any officer or member of the General Assembly other than the Speaker, with the further provision that the privilege of the floor may be extended by a resolution duly adopted.

7. That in the absence of the Clerk, the Assistant Clerk and Deputy Clerk shall perform all duties imposed by law and the rules of the General Assembly upon the Clerk.

8. That the "Official Manual for use in Drafting Legislation for the introduction in the New Jersey Legislature," dated October 1979, prepared and published by the Division of Legal Services, Office of Legislative Services, be adopted as the official manual of practice and procedures of the General Assembly governing the form of bills to be introduced in the General Assembly and governing the conduct of the preliminary examination of bills proposed for introduction in the General Assembly required by the Rules of the General Assembly.

9. That in order to carry out the aforementioned practice and procedure, William M. Lanning, H. Arthur Smith, Jr., Mary Joan Dickson, Walter R. Kennedy, Albert Porroni, James M. Coleman, Jr., Maurice Gold, Gertrude Erman, Leonard Lawson and Victoria Lawler be designated as counsel to the Judiciary Committee of the General Assembly and that the duties of such counsel shall be to conduct said preliminary examination of bills proposed for introduction in the General Assembly under the general supervision of the chairman of the Judiciary Committee and through the Division of Legal Services of the Office of Legislative Services pursuant to law.

10. That each member of the General Assembly be authorized to retain up to six aides at a total compensation per member as authorized by law.

11. That the Speaker may authorize more than six aides.

Upon calling the roll the following members answered the call and the Speaker declared a quorum present:

THE PORT AUTHORITY OF N. Y. & N. J.

January 22, 1980.

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the action taken by the Port Authority on January 3, 1980 in connection with the purposes of such Chapter.

Sincerely,

Doris E. Landre,
Secretary.

cc: Hon. Brendan T. Byrne
Governor
State of New Jersey
(Port Planning-1/3/80)

Industrial Development Department/World Trade Department—Retention of Marketing Consulant—The Fantus Company

It was reported that the locating of a sizeable automobile assembly plant in the Port District would have obvious benefits for the entire Port area in terms of employment opportunities, increased investment, additional tax revenues, and additional activity for the Port. It is estimated that such a plant would give rise to a direct employment gain of about 5,000 jobs which would most probably be augmented by the location of related automotive parts manufacturers. Staff estimates that such automotive parts manufacturers could give rise to an additional 5,000 jobs.

The Committee on Port Planning, at its meeting on January 25, 1978, authorized the retention of the Fantus Company to analyze the labor experience of the automotive industry in the Port District, labor being one of the major considerations in site selection. Fantus' study demonstrated the viability of the Port District as a location for an automobile assembly plant in terms of the availability of labor, competitiveness of prevailing wage rates for the skills required, local productivity achieved in automotive and in related industries, levels of turnover and absenteeism and quality of labor-management relations.

It is now proposed that Fantus be retained to update their previous study. Current data will be assembled and analyzed to verify the competitive position of the Port District. Fantus will also evaluate and compare prevailing labor market conditions in competing states and will compare the projected course of the Northeast's economy to those of the Sun Belt, Southwest and Midwest regions of the United States and its effect on foreign companies locating manufacturing facilities in any one of these areas.

It was therefore recommended that the Committee authorize the Executive Director to enter into an agreement with the Fantus Company to update their previous study in connection with the locating of automobile assembly plants in the Port District, and in analyzing the availability, cost, quality of labor and other factors related to the location of such automobile plants, at a price not to exceed $45,000.

The Committee has the power to act in this matter under the By-Laws, Article XI, section A, paragraph 4.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to enter into an agreement with the Fantus Company to update their previous study in connection with the locating of automobile assembly plants in the Port District, and in analyzing the availability, cost, quality of labor and other factors related to the location of such automobile assembly plants, at a price not to exceed $45,000; and it is further

Resolved, That the form of said agreement be subject to the approval of General Counsel or his authorized representative.

Whereupon, the meeting was adjourned.

....

The Clerk read the following message from the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 8, 1980.

SENATE BILL No. 3154 (2nd OCR)

Pursuant to Article V, Section 5, Paragraph 15 of the Constitution, I am appending to Senate Bill No. 3154 (2nd OCR) at the time of signing it, this statement of the items, or parts thereof, to which I object so that each item, or part thereof, so objected to shall not take effect.

Senate Bill No. 3154 (2nd OCR) would require the Department of Education to provide in-service training for child-study teams in the proper evaluation and programming of handicapped children with severe hearing loss. The bill includes a $50,000 appropriation for this purpose.

I am signing this bill because I believe that the proper evaluation and programming of children with severe hearing handicaps are very important. I am eliminating the fiscal year 1980 appropriation in this bill because sufficient funds have been included in my fiscal year 1981 budget request for the Department of Education.

On page 1, section 2: Eliminate the appropriation to the Department of Education in its entirety.

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Mr. Karcher moved that the message be spread in full upon the minutes.

New Jersey Legislature
Senate and General Assembly
Joint Resolution

A Resolution calling upon the citizens of New Jersey to remember the atrocities of the Nazi Holocaust and appropriately to commemorate the "Days of Remembrance of Victims of the Holocaust."

Whereas, Less than 40 years ago, six million Jews as well as millions of others were murdered in Nazi concentration camps as part of a planned program of extermination; and

Whereas, The people of New Jersey and of the entire United States of America should always remember the terrible atrocities committed by the Nazis so that they are never repeated; and

Whereas, The people should continually rededicate themselves to the principle of equality; and

Whereas, The people of the entire world should remain eternally vigilant against all tyranny, recognizing that tyranny provides a breeding ground for bigotry to flourish; and

Whereas, April 13 was designated internationally as a day of remembrance of victims of the Nazi Holocaust, known as Yom Hoshoah; and

Whereas, It is appropriate for the citizens of New Jersey to join in the international commemoration; now, therefore,

Be It Resolved by the Senate and General Assembly of the State of New Jersey meeting in special Joint Session:

1. In memory of all the victims of the holocaust and in the hope that the citizens of New Jersey and indeed all Americans will strive always to overcome cruelty and prejudice through vigilance and resistance, the days of April 13 through April 19, 1980, are hereby designated as the "Days of Remembrance of Victims of the Holocaust," and the citizens of New Jersey are memorialized to remember the atrocities committed by the Nazis and to commemorate such days with appropriate ceremonies and activities.

Benediction was given by Sister Carmela Marie Christiano, Sister of Charity of the North Hudson Children's Center, North Bergen.

A motion was made by Senate Majority Leader Karcher, that the Joint Session do rise.

Dear Mr. Miller:

With the passage of SCR-88, I would like to inform you that I own and operate Jolie Travel Agency in Willingboro.

In the capacity of being a travel agent my agency has on a casual basis made reservations for clients at Atlantic City's casinos.

Very truly yours,

Barbara Faith Kalik,
Assemblywoman.

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

Pursuant to P. L. 1979, c. 197, signed into law by Governor Brendan T. Byrne on September 18, 1979, the Board of Public Utilities is required to submit its initial annual report on the Lifeline Credit Program to the Legislature on March 15, 1980.

In addition to physically implementing the Lifeline Credit Program, the Board's staff has been collecting that data necessary to produce the annual report. The very nature of this program has necessitated the participation of several State agencies. This situation has presented problems with regard to the collection of statistical data as the Board, of necessity, has become dependent on the various agencies involved for much of the information required for the annual report. Despite the continued cooperation from the other agencies, the production and compilation of the pertinent data has been more time consuming than anticipated.

In order that the necessary information may be received, we will require several additional weeks. Please be assured that the Board is working diligently in order that a comprehensive report may be submitted to the Legislature within the shortest possible time frame.

Sincerely,

George H. Barbour,
President

Industrial Development Program — Retention of Consultants for Environmental Impact Evaluation

It was reported that Environmental Impact Statements (EIS) will be prepared in connection with applications for Federal funds to assist in the development of industrial development and resource recovery projects as well as with the obtaining of certain governmental approvals with New

York State. These statements will reflect an examination of the present environmental, social and economic conditions at each site, and the effect of any changes resulting from an industrial park and from resource recovery. The EIS must also propose and evaluate measures to mitigate any adverse impacts.

Under new Federal regulations, a Federal agency may hire another consultant since information submitted by an applicant must be independently evaluated and verified by the agency. The costs for such independent evaluation and verification may be charged to the applicant. Staff will discuss and coordinate these matters with the appropriate Federal agencies in order to minimize EIS preparation costs.

The retention of consultants is necessary to perform specialized tasks and to augment Port Authority staff to insure that both substantive and procedural requirements of the EIS's are fulfilled. The consultant(s) will also provide expert assistance and testimony in the public participation process required by law. A Request for Qualifications was advertised in the Engineering News Record and Commerce Business Daily to which 32 consulting firms responded. After a review of the qualifications, detailed proposals were solicited from five firms. Based upon staff review of proposals and interviews, one or more consultants will be selected from among these five firms. They include: Parsons Brinkerhoff Quade and Douglas/Cosulich/EAC; Camp Dresser and McKee; H_2M; Metcalf and Eddy; and Stone and Webster.

Since a substantial length of time will be required to collect and analyze the necessary data and to prepare final reports, it was recommended that the Committee authorize the Executive Director to enter into an agreement with one or more of the following consultants: Parsons Brinkerhoff Quade and Douglas/Cosulich/EAC; Camp Dresser and McKee; H_2M; Metcalf and Eddy; and Stone and Webster to assist the Port Authority in preparing appropriate environmental impact statements for industrial parks, including any resource recovery projects, at an estimated cost of $350,000.

The Committee has the power to act in this matter under the By-Laws, Article XI, section C, paragraph 2(b).

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to enter into an agreement with one or more of the following consultants: Parsons Brinkerhoff Quade and Douglas/Cosulich/EAC; Camp Dresser and McKee; H_2M; Metcalf and Eddy; and Stone and Webster to assist the Port Authority in preparing appropriate environmental impact statements for industrial parks, including any resource recovery projects, at an estimated cost of $350,000; and it is further

Resolved, That the form of said agreement(s) be subject to the approval of General Counsel or his authorized representative.

Industrial Development Program — Agreement with Business Marketing Corporation to Continue Joint Marketing Effort

It was reported that in July 1979, a joint marketing effort was initiated by staff of the Port Authority, the Business Marketing Corporation for New York City and the New York State Department of Commerce. The purpose of this effort has been to develop a targeted marketing approach to attract direct foreign manufacturing investment to the Metropolitan New York City region and, specifically, to the Port Authority's proposed industrial parks. The Executive Director authorized an agreement with Business Marketing Corporation to contribute an amount, not to exceed $9,000, to the total cost of retaining Arthur D. Little, Inc. to do a prototype target industry study that could be used as a marketing document to attract specific foreign firms to the region. The New York State Department of Commerce also shared in the cost of this study.

Arthur D. Little's final report will be furnished shortly and staff is of the opinion that this initial effort appears promising and should be continued. This will involve the retention of Arthur D. Little, Inc. to do four additional target industry studies. The Port Authority's share of the cost for these additional studies would not exceed $18,000.

In addition, once the target industry study now under way is complete, it will be used as the core of a promotional campaign to attract specific foreign firms to the region. The

Business Marketing Corporation proposes to retain the Burston-Marsteller promotion agency to test such a campaign. This campaign would entail trade journal advertising, direct mail and follow-up calls through the agency's offices abroad. The Port Authority's share of the cost of this campaign would not exceed $20,000.

It was recommended that the Committee authorize the Executive Director to enter into this agreement as outlined above.

The Committee has the power to act in this matter under the By-Laws, Article XI, section D, paragraph 7.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to enter into an agreement with the Business Marketing Corporation for New York City (BMC) to reimburse the BMC in an amount not to exceed $38,000 for the Port Authority's share of target industry studies and for a campaign aimed to attract foreign firms in those industries to the Metropolitan New York City region and, specifically, to the Port Authority's proposed industrial parks; the form of said agreement to be subject to approval as to form by General Counsel or his authorized representative.

Industrial Development Program — Acceptance of Federal Aid for Resource Recovery Studies — Phase II

It was reported that the Port Authority submitted an application for federal aid under the President's March 1978 policy to aid urban areas in planning for and performing detailed feasibility analyses of resource recovery projects.

A three-phase feasibility study of resource recovery projects is presently being performed by the Port Authority which includes all the technical aspects of the involved processes; the marketing of recovered materials and energy; economics; site analyses; plant design; arrangements with municipalities, utilities, vendors and tenants; and, conformance to appropriate environmental regulations.

The Environmental Protection Agency provided federal aid of $163,000 in support of Phase I of the Port Authority resource recovery studies. The Environmental Protection

Agency is in the final steps of review before granting Federal aid of approximately $550,000 for the continuation (Phase II) of these studies. The Port Authority would contribute approximately $183,350 to this phase.

In Phase II, approximately $365,000 will be spent for expenses such as consultants and contract services, with the balance of the grant and the Port Authority contribution being applied to staff services and indirect costs.

It was recommended that the Committee authorize the Executive Director to accept the Grant Offer if the terms thereof are satisfactory.

The Committee has the power to act in this matter under the By-Laws, Article –I, section D, paragraph 6.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized to accept approximately $550,000 of federal aid from the United States Environmental Protection Agency to enable the Port Authority to perform the second phase of a three-phase program to study the feasibility of resource recovery as it relates to the Port Authority's industrial development program; provided the terms of the Grant Offer are satisfactory.

THE WHITE HOUSE
Washington

May 9, 1980.

To the General Assembly of the
State of New Jersey:

Thank you for the copies of the resolution which you adopted on April 28, 1980, following the mission undertaken to rescue our fellow Americans held hostage in Iran.

The unity and the prayers of the American people are important to me as I carry out my manifold responsibilities to all our citizens. I was pleased to learn of your official action on behalf of the people of New Jersey.

With best wishes,

Sincerely,

JIMMY CARTER.

Hon. John J. Miller, Jr.
Clerk of the General Assembly
State of New Jersey
State House
Trenton, New Jersey 08625

Dear Mr. Miller:

In accordance with the provisions of Chapter 110 of the Laws of New Jersey, 1978, which provided for Port Authority participation in industrial development, I have the honor to transmit herewith a copy of the action taken by the Port Authority on May 8, 1980 in connection with the purposes of such Chapter.

Sincerely,

Doris E. Landre
Secretary

Industrial Development Program — Retention of Environmental Consultant

The Committee on Construction reported that environmental planning and analysis in connection with the industrial parks program is prerequisite to obtaining Federal financial aid and for securing necessary site development approvals and permits, particularly in the context of air and water pollution control. The work involved is extensive and complicated, involving primarily the preparation of Environmental Impact Statements (EIS's) for the parks and resource recovery facilities at the parks. Staff has determined that expert assistance is required in this process.

Environmental analyses will take months to complete, yet they must be on hand before the Port Authority can obtain firm assurances of Federal financial participation in the building of the industrial parks. In certain areas of the work to be undertaken, there are questions of scope which are still subject to determination by the Federal Government but which must be anticipated now. All of these factors mandate an early start of the analyses, under circumstances that permit a complete range of expert services to be available on an as-and-when-needed basis. Coordination with Federal and state agencies and municipalities will be undertaken to ensure that the EIS's prepared will satisfy Federal and state environmental and solid waste disposal requirements.

Requests for qualifications in connection with the preparation of Environmental Impact Statements were sought through public advertisement. This elicited responses from 32 firms, of which five were deemed to be most qualified. The five qualified consultants — Camp Dresser & McKee; H_2M Corp.; Metcalf & Eddy; Parsons Brinckerhoff/Cosulich; and Stone & Webster — were then requested to present proposals which would provide for final EIS's and for necessary permits required in connection with construction and operation of the industrial parks, including any resource recovery projects.

After receipt of the proposals, staff conducted interviews with the five consultants and evaluated the said proposals taking into account technical factors as well as price. On the basis of the evaluations and interviews, the firm of Camp Dresser & McKee, whose proposal contained a price of $991,000, was deemed best qualified. Its retention by the Port Authority has been approved by the Federal Economic Development Administration (EDA) of the United States Department of Commerce, which will be the "lead agency" with respect to Federal participation in the Port Authority's industrial development program.

Camp Dresser & McKee and its subconsultants have prepared EIS's for facilities in the New York/New Jersey region. Included among the numerous projects that Camp Dresser & McKee has undertaken are the interim sludge management plan for The City of New York; the State Industrial Park and Carol Industrial Park, Moonachie, New Jersey; and the Mack Midway Industrial Park, Franklin Township, New Jersey.

The agreement with Camp Dresser & McKee will provide for a number of services that may be ordered, as necessary, by the Port Authority, including the preparation of draft and final EIS's for an industrial park in both New York and

New Jersey (with resource recovery facilities utilizing both municipal solid waste and sludge), participation in public review processes and the obtaining of necessary air and water quality permits.

The Committee on Construction further reported that, at its meeting on February 27, 1980, it authorized the Executive Director to enter into an agreement similar to the one described above at a price then estimated to be approximately $350,000. However, the proposals subsequently received were substantially more than $350,000, Camp Dresser & McKee's proposal being the lowest on a guaranteed basis for all services potentially required. Discussion with the consultants of their prices showed the reasons for the higher than anticipated price proposals to include the complexity of environmental circumstances in the Port District, the great degree of public involvement in environmental issues, and the fact that the Federal Government has yet to set the extent of certain activities to be performed. While the amount of $991,000 is not provided in the 1980 Budget, staff is attempting to secure grant support from several Federal agencies. If that part of the work to be performed in 1980 cannot be accommodated within the existing budget augmented by grant funds, authorization from the Board for an increase in the 1980 Budget will be sought.

The Committee therefore recommended that the Board authorize the Executive Director to enter into an agreement with Camp Dresser & McKee to provide services in the field of environmental planning and analysis for an industrial park in each of the states of New York and New Jersey at a price estimated to be $991,000.

Whereupon, the following resolution was unanimously adopted:

Resolved, That the Executive Director be and he hereby is authorized on behalf of the Port Authority to enter into an agreement with Camp Dresser & McKee to provide services in the field of environmental planning and analysis for an industrial park in each of the states of New York and New Jersey at a price estimated to be $991,000.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
July 25, 1980.

ASSEMBLY BILL NO. 32

To the Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Assembly Bill No. 32 with my objection, for reconsideration.

This bill would require marriage certificates to be prepared in four parts, one part going to the State, one to the local registrar, one to the married couple and one to the person solemnizing the marriage. Any one of these parts is admissible into evidence as prima facie proof of marriage.

The bill also makes provision for recording marriages with the State by filing a delayed report in instances where the marriage certificate had not been previously recorded with the State. The report would contain an affidavit confirming that the ceremony was performed and the date and place of the marriage. The affidavit is to be made by the person performing the marriage, or if he is unavailable then by one or both of the witnesses. If the affidavit of any of those persons cannot be obtained, then the affidavit may be made by a person present at the ceremony or the contracting parties provided additional documentary evidence is presented. In addition, the State Registrar may require further evidence in support of the delayed report.

The bill also updates the existing statute governing the content of marriage certificates by eliminating occupational information, since that material is no longer used in Health Department statistics, and by changing the designation of "color" to "race."

While I concur with the purpose of this bill, I am concerned that completing the form in quadruplicate will put an unnecessary burden on the officiant at a marriage ceremony. As a result, I recommend that the law require the licensing official to fill in the form.

Accordingly, I herewith return Assemly Bill No. 32 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 4-6: Delete "person by whom, or the religious society, institution or organization by or before which, the marriage was solemnized, shall personally or by legally authorized agent subscribe, after setting forth", and insert "licensing officer shall have set forth".

Page 1, Section 1, Line 10: After "persons," insert "and".

Page 1 Section 1, Line 11: Delete "and the date and place of the marriage" and insert "The person by whom or the religious society, institution, or organization by or before which, the marriage was solemnized, shall personally or by legally authorized agent subscribe where indicated on the form the date and place of the marriage.".

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

[SEAL]
Attest:
/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

The Clerk read the following messages from the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 22, 1980.

ASSEMBLY BILL NO. 555

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 555 with my objections for reconsideration.

This bill would extend from 2 to 3 years the period of time which may elapse before a person may no longer be considered a member of the Police and Firemen's Retirement System due to a lapse in contributions. It would be retroactive to July 1, 1979 and is designed to assist the large number of policemen laid off in the City of Newark, many of whom are waiting to be called back to duty.

I agree with the purpose of the bill but find the bill as passed unnecessarily broad in its application. In its present form, the extension of the non-contributory period from 2 to 3 years would apply to all members of the retirement system, not simply those who have been laid off. Any member of the system could take an extended leave of 3 years resulting in (1) a decline in the withdrawal rate from the system and (2) an increase in the likelihood of injury. Both could result in increased costs to the public.

I am suggesting, therefore, amendments to the bill parallel to provisions in the Public Employees' Retirement System Act and Teachers' Pension and Annuity Fund Law which permit a non-contributory period of as many as 5 years but limit it to those members who have been laid off.

Accordingly, I recommend the following amendments to Assembly Bill No. 555:

Page 2, Section 1, Line 34: Delete "3" and insert "2".

Page 2, Section 1, after Line 44: Insert:

"(5) If a member of the retirement system has been discontinued from service through no fault of his own or through leave of absence granted by his employer or permitted by any law of this State and he has not withdrawn his accumulated deductions, his membership may continue, notwithstanding any provisions of this article if such member returns to service within a period of 5 years from the date of his discontinuance from service."

Respectfully,

/s/ BRENDAN BYRNE,
Governor.

Assembly Bill No. 1628

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Assembly Bill No. 1628 with my objections, for reconsideration.

This bill would amend P. L. 1968, c. 467 (C. 54:4–5) which permits a municipality, in a county of the first class having in excess of 800,000 in population, to receive a county tax rebate or remission for state or county institutions on lands in excess of 200 acres located within its boundaries. The amendment would exempt county hospitals or lands owned by a county and occupied by a county hospital from qualifying for such a rebate and remission from and after January 1, 1982. No evidence has been presented which suggests that a hospital facility results in less of a burden to a municipality than any other institution to justify this exception.

As it turns out, the Township of Cedar Grove is presently the only municipality receiving a rebate and remission under the statute. It qualifies for the rebate and remission due to the location of the Essex County Hospital Center within its boundaries. As a result, the amendment will have the effect of depriving Cedar Grove of the rebate and remission. In doing so, one of the original purposes of the statute will be thwarted. Historically, one reason the statute was enacted was to compensate Cedar Grove for the burden of having the county mental institution within its boundary when the facility was moved to Cedar Grove from Newark in the 1920s.

Proponents of the legislation suggest that the rebate gives a disproportionate benefit to Cedar Grove for the burden of the institution. Cedar Grove argues to the contrary. There is much debate about the proper method for sharing the burden of tax exempt county properties. An immediate change from past practices creates disruption. For the foregoing reasons, I believe the proposed amendment in its present form is inequitable.

I expect, further, that the tax rebate and remission in P. L. 1968, c. 467 (C. 54:4–5) be considered in the broad tax study I am proposing in my statement on Assembly Bill No. 1771. That study may conclude that this tax rebate and remission is inappropriate and some other alternative may be found. Until that time, I would not deprive Cedar Grove altogether of the tax rebate and remission it has received for so many years. However, a review of the statute and present county and municipal tax structures and burdens, reveals that the rebates and remissions set forth in the statute may be too generous. Accordingly, I recommend that they be reduced by changing the ½ figure to ¼ for institutions of the size described.

As long as the statute is being amended, I also recommend that the reference to "park commissions or lands owned or occupied by a park commission" be changed to simply "park lands" in order that the statute comply with recently enacted P. L. 1980, C. 24.

Accordingly, I am returning Assembly Bill No. 1628 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Lines 4-6: Delete "other than a park commission or lands owned or occupied by a park commission, and other than a county hospital or lands owned by a county and occupied by a county hospital,"

Page 1, Section 1, Line 8: After the word "aggregate" insert "other than park lands,"

Page 1, Section 1, Line 9: Delete "½" and insert "¼".

Page 1, Section 1, Lines 12-13: Delete "other than a park commission or lands owned or occupied by a park commission".

Page 1, Section 1, Line 14: After the word "aggregate" insert "other than park lands".

Respectfully,

/s/ BRENDAN BYRNE,

Governor.

Assembly Bill No. 1771

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Assembly Bill No. 1771 with my objection, for reconsideration.

This bill would prohibit revaluations of real property in any city of the first class with a population in excess of 300,000 for the tax years 1981 to 1985, inclusive. Newark is the only city in the State meeting the above qualifications. Thus, the bill would have the effect of placing a 5-year moratorium on the revaluations presently underway in Newark.

Constitutional issues are presented by the bill since periodic revaluations are a part of compliance with the uniform taxation clause of our State Constitution (N. J. Const. Art. VIII, Sec. I, Para. 1).

Despite these constitutional concerns, strong policy reasons exist for providing some relief from the revaluations currently underway in Newark. I am advised that the revaluation will result in a drastic shift of property taxes from the commercial districts to the residential ones. This is a shift from those most able to pay to those least able. The revaluation is asserted to result in a dramatic increase in residential property taxes in Newark. Many residents may have to pay more than twice the amount of property taxes which they now pay without any increase in services. Many people may be unable or unwilling to meet these increased payments. We are advised that residential flight may aggravate the existing problems of this historic urban center. Such a possibility is causing grave concern in the city's financial community as well as its residential community.

I believe that the present situation is akin to that facing the State Supreme Court in *Switz v. Middletown Twp.*, 23 *N. J.* 580 (1957). At the time the *Switz* case was decided unequal assessments were rampant throughout the State despite the uniform taxation clause in the State Constitution and despite a statute requiring assessments at 100%

of full value. An order directing the local tax assessor to assess all land in the township at full and fair value was upheld. However, the court delayed the effective date of the order for 2 years in order to afford the Legislature an opportunity to take such measures as it deems appropriate and to allow the township sufficient time to fulfill the project. At the time the decision was reached, a legislative study on the 100% true value requirement was being conducted pursuant to a concurrent resolution. In permitting the delay, the court recognized that:

> "The general disregard of the full true value standard has given rise to problems that cannot be solved overnight. Sudden and drastic changes in the long-established practice could work great detriment to community fiscal life." *Id.* at 594.

Due to the seriousness of the situation in Newark, an opportunity should be presented to study the issue of property taxes and, in particular, tax revenues for Newark and other urban municipalities. I have recently received the Final Report of the Governor's Mayors Committee on State Aid verifying a reallocation of State aid on a priority basis of need. I have recently requested my own staff to undertake a *full* scale review of real property taxation. Many innovative concepts have been discussed such as land (site) value taxation, classification taxes, elimination of tax exemptions and payment-in-lieu of taxes. The Legislature should study these issues. Hopefully, such a study will result in implementation of a solution which will avoid the consequences of a revaluation in Newark discussed above. Given the realities of a legislative session in 1981 facing the complex issues of reapportionment and complete reorganization, I believe that 2 years is necessary for such a study and implementation of the resulting recommendations.

Accordingly, I recommend that the period of the moratorium be reduced to 2 years and that it be complemented by a formal study of ways to remedy the situation with the intent that any remedy be implemented prior to the expiration of the moratorium. The *Switz* case indicates that such an approach will be consistent with the constitutional mandate. After that, we must face the issue.

On view of the above, I am returning Assembly Bill No. 1771 for your reconsideration and recommend that a formal study be instituted and that the following change be made to the bill:

Page 1, Section 1, Line 4: Delete "1985" and insert "1982."

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Assembly Bill No. 1860

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1860 with my objections for reconsideration.

This bill, commonly known as the plain language bill, provides that all consumer contracts entered into on or after the effective date of the act must be written in a simple, clear, understandable and easily readable way. It would apply to all written agreements in which a natural person leases or licenses real or personal property, obtains credit, borrows money, purchases real or personal property, obtains insurance coverage on the types of policies not subject to the Life and Health Insurance Policy Language Simplification Act (P. L. 1979, c. 167) or contracts for services, cash or credit for personal, family or household purposes. The bill would not apply to consumer contracts involving amounts of more than $50,000.00, unless they involve real estate or insurance.

This bill is substantially the same as Assembly Bill No. 536 which I filed in the State Library without my approval after the last legislative session. The sponsor has made two amendments which I suggested at that time—deletion of insurance contracts covered by the Life and Health Insurance Policy Language Simplification Act and deletion of the reading level requirements.

While I continue to support the concept of plain language, in my judgment, we must proceed cautiously in entering waters which have not been tested in this State; the cure should not be worse than the disease. Plain language is not a goal in itself. Rather, it is a means to protecting people in financial situations in which they might otherwise be at a disadvantage. This is my intent in suggesting these amendments.

Ideally, I would prefer more extensive amendments than the ones which I am suggesting today. The inclusion of securities, commodities, insurance and real property transactions in this bill may pose substantial practical problems in the day to day business world. Nonetheless, the bill has attracted an unusually large number of sponsors. Their willingness to impose new regulations on business conduct should reflect deliberate judgment. Accordingly, I am recommending only the following amendments to the bill, deferring to legislative wisdom in addressing the remaining issues before the operative date of the bill.

First, insurance companies would have 2 years, rather than 1 year, to conform their policies to the requirements of this legislation. The Life and Health Policy Language Simplification Act permits 5 years for conformance for life and health policies. Two years for property and casualty insurance does not seem excessive.

Second, an additional defense would be given to the seller in the case where the consumer supplied the contract. If an individual has done so, it seems unreasonable to let him contest the contract later on.

Accordingly, I herewith return Assembly Bill No. 1860 for reconsideration and recommend that it be amended as follows:

Page 2, Section 5, Line 5: Omit "or" at the beginning of the line.

Page 2, Section 5, Line 7: After "contract" insert ", or d. the consumer supplied the contract or the portion of the contract to which the consumer objects".

Page 4, Section 14, Line 2: After "enactment," insert "except that the act shall remain inoperative for 2 years with regard to all contracts of insurance".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
November 10, 1980.

ASSEMBLY BILL NO. 546

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 546 with my objections, for your reconsideration.

This bill would establish the offense of hazing as a disorderly persons offense if the forbidden conduct creates a substantial risk of bodily injury to another person, and as a fourth degree crime if it causes serious bodily injury to the victim. The bill supplements Title 2C of the New Jersey Statutes.

While I agree wholeheartedly with the purpose of this legislation, I am conditionally vetoing it because it suffers from some technical infirmities.

I believe that every criminal statute should specify the degree of culpability required for one to be subjected to prosecution for its violation, or a clear legislative intent to impose strict liability. In this instance, the standard of "knowingly or recklessly" should apply, consistent with overall policy of our Penal Code.

I also believe that the exclusion of "customary contests" from the definition of hazing in this bill unnecessarily restricts and weakens the definition. I believe that a broader definition, to include any conduct that would endanger another person is more appropriate. I agree, however, with the exclusion of competitive athletic events from the purview of this bill.

Lastly, I recommend the addition of two new sections to specify that consent is not a defense to hazing, and to make it clear that this act is not intended to preclude prosecution for an overlapping offense.

Accordingly, I herewith return Assembly Bill No. 546 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, line 1: After "of" insert "hazing," and after "offense" insert ",".

Page 1, Section 1, line 2: After "with" insert "initiation of applicants to or members of"; after "student" insert "or fraternal" and after "he" insert "knowingly or recklessly organizes,".

Page 1, Section 1, line 3: After "in" delete "in a method of initiation, pastime or amusement," and insert "any conduct,".

Page 1, Section 1, line 4: After "than" delete "customary contests, competitions or" and insert "competitive".

Page 1, Section 1, line 5: After "which" delete the rest of the line and insert "places or may place another person in danger of bodily injury."

Page 1, Section 1, line 6: Delete in its entirety.

Page 1, Section 1, line 7: After "guilty of" insert "aggravated hazing;" and after "degree" insert ",".

Page 1, Section 1, line 8: After "which" delete "causes" and insert "results in".

Page 1, Section 1, line 9: After "to" delete "the victim" and insert "another person".

Page 1: Add two new sections after Section 1 as follows:

"2. Notwithstanding any other provision of Title 2C of the New Jersey Statutes to the contrary, consent shall not be available as a defense to a prosecution under this act.

3. Conduct constituting an offense under this act may, at the discretion of the prosecuting attorney, be prosecuted under any other applicable provision of Title 2C of the New Jersey Statutes."

Page 1, Section 2, line 1: Delete "2" and insert "4".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ HAROLD L. HODES,
Chief of Staff, Secretary.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 8, 1980.

ASSEMBLY BILL NO. 1906

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I am returning Assembly Bill No. 1906 with my objections, for reconsideration.

This bill would appropriate $37,500 to the Department of Community Affairs for the Learning at Home Program (New Approach Method). That program provides at-home teaching instruction for children of prisoners and a link between prisoners and their children through the use of teaching aids such as tapes and structured programs.

The statement attached to the bill recites that the State's appropriation will be matched by approximately $110,000 in Federal funds. However, the Division of Budget and Accounting in the Department of Treasury and the Department of Community Affairs, Corrections, Education and Human Services have been unable to identify any Federal funds designated for this program. Without a substantial matching grant, the program cannot operate effectively; thus the $37,500 appropriation alone is useless. Accordingly, I recommend that this appropriation be conditional upon obtaining the necessary matching funds.

In addition, I note that the bill makes the appropriation to the Department of Community Affairs. However, that department advises that it does not have personnel qualified or experienced to monitor this type of program. The Department of Corrections has indicated its willingness to undertake that function and thus I recommend that the appropriation be transferred to that department.

Accordingly, I herewith return Assembly Bill No. 1906 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 2: Delete "Department of Community Affairs/Economic Planning, Development and Security/55 Related Social Services Programs" and insert "Department of Corrections/19 Central Planning, Direction and Management".

Page 1, Section 1, Line 3: Delete "05–8050 Human Resources" and add "01–7000 Planning, Management and General Support".

Page 1, Section 2: Delete entire section and insert:

"This act shall become effective only in the event these funds are matched by a grant of at least $110,000 to this Program from a nonState fund source."

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
December 8, 1980.

ASSEMBLY BILL NO. 482 *(Official Copy Reprint)*

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 482

(Official Copy Reprint) with my objections, for reconsideration.

This bill would amend the law creating the Office for Promoting Technical Innovation (OPTI) in the Department of Labor and Industry to provide OPTI with specific authority to enter into "limited joint venture agreements" with New Jersey firms for the development of technical innovations, inventions and products.

In return for its contributions to such ventures, OPTI is empowered to accept, with the advice of the State Treasurer, royalties, options, contract rights, stocks, bonds and other forms of remuneration. OPTI may hold a divided, assigned interest in patents, copyrights, or trademarks of products. The bill provides, however, that the State shall not assume an ownership interest in an aided firm.

The products or inventions supported by OPTI must be developed or produced in New Jersey, and OPTI may condition agreements upon assurances that the benefits of increased employment and tax revenues shall inure to the State. The bill is inspired by similar economic development activities in Massachusetts and Connecticut. The bill does not require any additional appropriations. Given the authority to accept royalties and other forms of remuneration, OPTI contemplates that it would be selfsustaining within five years and could aid a broader range of economic development projects than it can under the current law, and current appropriations.

I believe that the bill provides OPTI and the State with an important tool for promoting economic development in New Jersey. I approve of its general intent.

I am concerned, however, that the State, through OPTI, may be held liable in tort or implied warranty for the faulty design of a product whose development the State has supported and whose patent the State holds in whole or in part. The State also may risk vicarious liability for the debts and obligations of parties to its agreements. The State would not be in a suitable position to manage and avoid these risks. Accordingly, I recommend that the Legislature add provisions that the State shall not be held liable for injuries caused by products whose development the State has aided under the act, and shall not be responsible for any debts or obligations of parties to its agreements.

Also, the word "agreements" should be substituted for "limited joint venture agreements."

Moreover, I do not believe it is necessary for OPTI to obtain the advice of the State Treasurer before entering any royalty agreement. Given the limited resources of Treasury, and the technical expertise of OPTI, general fiscal oversight by Treasury should be sufficient.

Lastly, there are several flaws in the drafting of A-482 that need to be cured. The bill provides that the State shall not assume an "equity position in any corporation or majority interest in any product." As the term "equity position" may not be clear, and as OPTI may aid firms that are not incorporated, the bill should simply state the OPTI shall not obtain an ownership interest in any corporation, firm, or company aided under its provisions. Also included among the forms of consideration the State may accept are stocks and bonds. This, obviously, clashes with the restriction on ownership and should be deleted.

Accordingly, I respectfully recommend the following changes in Assembly Bill No. 482:

Page 3, line 61: Delete "limited joint venture".

Page 3, lines 63-65: Delete "but in no case assuming an equity position in any corporation or a majority interest in any product,".

Page 3, lines 70 and 76: Delete the words ", with the advice of the State Treasurer,".

Page 3, lines 71 and 77: Delete the words "stocks, bonds".

Page 3, line 72A: Delete "venture", and, after "agreements;" insert "provided that in no case shall it maintain an ownership interest in a corporation, partnership, firm or company that is a party to such agreements;".

Page 3, line 79: Insert new sections as follows:

"3. (New section) The State, its offices, departments, divisions, bureaus, boards, commissions and agencies, including the Office for Promoting Technical Innovation, as well as the employees thereof, shall not be liable in tort, contract, or implied warranty for any injury caused by a product or invention, or its development that in any way was fostered or advanced pursuant to the provisions of P. L. 1977, c. 429, as amended.

4. (New section) The State, its offices, departments, divisions, bureaus, boards, commissions, and agencies, including the Office for Promoting Technical Innovation, as well as the employees thereof, shall not be liable for any debts, claims, obligations or judgments incurred by or asserted against a party to agreements entered into pursuant to this act."

Page 3, lines 1 and 1: Renumber sections 3 and 4 as sections 5 and 6.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.
